

möbius

business consulting. profoundly different.

ARE YOU A PASSIONATE
**BUSINESS
CONSULTANT**
WITH A STRONG AFFINITY
WITH SUSTAINABILITY?

THEN YOU ARE THE NEW COLLEAGUE WE ARE LOOKING FOR.

The dynamic landscape and its rapidly evolving market of new products and technologies, requires adapted business models, flexible processes, effective technological support and sustainable collaboration agreements. Sustainability is gaining on importance, but is rarely seen today as part of the core business. From our knowledge, we want to examine with organizations how sustainability can go along with profitability.

At Möbius we want to implement the circular economy by delivering consultancy to various core actors. We want to help organizations to continue and implement the closed-loop and cradle-to-cradle and enable the further transition from a linear to a circular economy.

OPPORTUNITIES FOR YOU?

Being part of a highly focussed team where you will be able to express your talent and know-how on multiple challenging assignments.

Our entrepreneurial culture inspires our colleagues to focus on the bigger picture, providing an unmatched level of knowledge, ownership, customer focus and collegiality.

Broadening your skills to develop value-added solutions with a lasting impact for our clients and guide them along major business transformations.

A competitive remuneration package and benefits.

WHAT WE EXPECT

3-6 years project experience within the following domains: circular economy, reverse logistics, resource efficiency, footprint reduction by operations improvement,...

Strong networking capabilities to establish credibility with senior stakeholders.

Entrepreneurial spirit to share our vision and our commitment to excellence.

Excellent communication skills in Dutch and/or French.

MÖBIUS BELIEVES IN PASSION AND TALENT. WHAT ABOUT YOU?

Apply now! Send your resume together with a motivation letter to jobs@mobius.eu
